

Fremont Township Report  
Suspended Township Meeting  
May 26, 2020

By order of the State of Michigan regarding "Stay at home" and having limited virtual access the Township board passed Resolution 2020-3 that suspends regular meetings until that order is lifted. The newest order from the State of Michigan is that the "Stay at home" has been extended until June 12, 2020.

Financial reports by the Treasurer and clerk are hereby presented. Report will be posted on the township web site <http://www.fremonttownshp.com>. Approval of the reports will be acted upon when the "Stay at home" order is lifted and the township board can resume regular meetings.

#### Treasurers Report

General Fund	88,652.27
Investment Account	118,126.37
Fire Department	25,556.12
First Response	80,169.18
Zoning	361.53

#### Bills submitted and paid

General Fund	Check# 9868 – 9883 + On line Payments	9,472.66
Fire Department	Check# 5184 – 5188 + On line Payments	1,149.97
First Response	Check# 1137 –1139 + On line Payment	1,435.85

#### Reports (if any)

**Supervisor:** Several zoning permits issued.

**Clerk:** Probable "mail-in" election in August and November. Clerks are meeting with County Clerk every week to determine strategy. State and county at odds on how election is run. Local clerk's discretion on mailing AV ballot applications. Not sure what the state is going to mail out. Fremont will mail out applications just to the permanent AV file, and of course to anyone else requesting an application. Purchased plexiglass divider screens for the election to place between workers and voters.

Veteran's flags placed at both cemeteries. Many compliments on how well the cemeteries looked for Memorial Day.

#### Fire Chief - Larry Gott

Fire calls since last report:

05 02 20 W Millbrook Rd east of S Woodruff Rd, Slabwood pile at sawmill on fire

05 04 20 S Beckley Rd North of W Fremont Rd, Mutual aid with MRFD Grass fire at blueberry farm

05 07 20 Corner of W Millbrook and S Rolland Road Mutual aid with MRFD. Lumber pile on fire.

Repairs & Maintenance: Brush Truck 5-19 New clutch and pressure plates, throw out and pilot bearings replaced

Brush Truck 5-18 New battery master switch installed

Tender 5-21 Taken to Wieland International in Clare for repair-severe oil leak at front engine cover and failure of electronics to communicate with control module causes erratic shifting of transmission and loss of gauge readings. Quotes out for tires on this truck—over 10 years old.

Our department and surrounding departments have come together to honor graduates and small children's birthdays in conjunction with county sheriff's department and Shepherd Police department, with drive by parades due to quarantines.
