Reports

- Fire
 - The springs were repaired in Engine 512, we can not get the DOT final inspection completed for this apparatus.
 - The helmets arrived, these were paid from the donation by a private citizen.
 - Brush truck 516 caught fire on one of our last fires. This is a DNR truck and probably not worth putting funds back into the repairs for the truck. The chief will work on a possible new apparatus to take its place over the winter months.
 - The fire department rescinded a call, it was a power line down in the woods. We were on scene for several hours waiting for consumers to arrive and shut down the power.
- Rescue
 - The rescue responded to 21 Calls in October
 - Zoning: 1 permit
