First Response Check #1337-1339+Online Pmts 2,802.50

Reports

Fremont Twp Fire and Rescue

- FIRE

- o PIA, Vehicle Fire, Power Line on a Structure on Fire, Structure Mutual Aid to Richland Twp

- o Update on 520, new apparatus is in the station, had an issue with a pin in the tank drain valve, and was able to fix it in-house. This week we should have the graphics placed on it. Also, we purchased a couple hundred dollar valve adapter to be able to fill in the rear of the apparatus.

- RESCUE

- o Rescue calls for January were 21, 14 thus far in February.

- o The reimbursement for first responders this year is around \$6,500. This is \$5 for non trained responders and \$10 for trained medical responders. Last year last year was closer to \$8,000. Last year was the first year that we did this and it was discussed that we would evaluate it each year.

- Budget Year for 25/26

- o Fire and rescue have the opportunity for another donation by a private citizen who has been donating the last few years. This donation will be earmarked for the remaining 2 SCBA packs that we need to have our 6 total units replaced.

- o The fire department will have our annual pump inspections done which typically cost around \$3,000 total.

- o The fire department will need to replace the tires on our main line engine this year, last year we did our pumper/tender. The new apparatus that was purchased has brand new tires on it.

Date: February 25 2025

Called to Order at: 7:00AM Adjourned at: Time in meeting: 00:00
Chairperson: Attended 0
Recorded by: Voters Present 0

- o The fire department would like to fix our tank light system in our main line engine, this estimate is around \$1,800.00. It provides the operator the ability to know how much water is left in the tank to pump on a fire at any given time. This is crucial for water supply to a fire.
- o The department has discovered that our roof in the old section is leaking in two locations. This appears to have been occurring for a while but the iron channels have been capturing the water until now and have rusted through. This will need to be replaced or fixed when the weather breaks in the spring.
- o We need to cost a grass rig, this could be a used vehicle or something through MiDeal. We need to be able to put some cabinets on the side of the bed. We have a water tank skid / pump that was donated for this project. A pickup without a bed would be the best option. It can also be used as a back-up or second response rescue unit.
- o The members will continue to work on the inner areas of the old structure, which would include an updated insulation in the attic of the new addition and sides of the old structure and then steal the old structure. This will certainly assist with heating and cooling.
- o The heavy utility apparatus is in need of the rear undercarriage airbag repair. When the unit sits, it depletes the air and sits on the frame. It takes a few minutes to air them up prior to being able to leave with the apparatus.

Fremont Twp Meeting Notes

- FIRE
 - o Fire chief requested to spend \$2,000.00 for repairs to the mainline engine water level gauges. This gauge has for sometime and it is difficult to know when the truck is full and/or running out of water.
 - o The fire department assist to MRTFD on a woods, multiple car, structure fire at a property. There was a rekindle day that we responded back to as well. The department also assisted Shepherd Tri Township on a structure fire.
 - o Our fire investigators were requested out on a couple of structure fires within the county.
 - o The chief found a possible lead for a newer grass unit from the DNR. They have some upgraded units. The chief up and see what is available.
 - o The chief discussed some new information about the sick leave act that Michigan approved. It does not appear fire or rescue will qualify for the mandatory sick leave status.
 - o All of the SCBA adapters were installed and the SCBA are all in service now.
 - o Front Line Services will be coming in April to begin the DOT inspections and service the trucks.
- RESCUE
 - o There were 25 Calls thus far for March and a total of 18 in February

Fremont Twp Meeting Notes

Fremont Twp Meeting Notes

- FIRE
 - o Fremont Township Fire department rescinded ten calls for service since the last meeting. There were two wild standby for another agency, a weather standby, two alarm calls, and three structure fires.
 - o We made a deal with Recker Truck Repair to come and get the old out of service tender, in exchange they will next labor cost for a repair to any of our apparatus.
 - o The chief will be going to the DNR site this week or next to look at a possible grass unit that is available.
 - o Discussed the FLSI DOT and repairs that occurred a few days ago, There was also a repair that had been discussed last meeting to the main line engine water level system, that invoice will be for the next meeting.
 - o The chief has ordered some gear for four new firefighters. They are not full sets as some items were in stock station that fit the new members.
 - o Discussed the updates to the apparatus hall which included a discussion about putting steel on the enclosed structure where the water, bench etc will be housed.
- RESCUE
 - o There were twenty two rescue runs since last meeting

Fremont Twp Meeting Notes

- FIRE
 - The fire department has been busy in the last 30 days with four structure fires, woods, a rekindle of a structure false alarm, one UTV injury accident, and four assists to other agencies.
 - The bills were a little higher this month based on the number of calls and costs associated with them.
 - All the paperwork for the DNR truck has been completed and the only thing left is to go pick up the truck. We are working on a box option for the truck and it will have to be painted Red.
 - The members are still working on apparatus hall, currently the plumbing is underway in a utility room area that tools and our cascade system. Our first quote was over \$5,000.00. The membership is trying to do some of the work on our own. Also we are getting steel costs for mechanical room completion.
- RESCUE
 - The chief asked for approval of \$1,200.00 for Michelle Thompson to attend MFR instructor school.
 - Rescue calls from the last meeting totaled 17.

Schimmelmann reported on the progress of the 9-days of early voting. A tentative contract has been written.
Himebaugh reported 1 zoning permit.

Fremont Twp Fire/Rescue

- The fire department lost a twenty-year veteran to the department. Ike Forquer, who was an active captain, passed this week. This has been a tremendous loss to the department and has affected the membership dramatically.
- There were 23 calls for rescue in May.
- The fire calls slowed down from the spring, we had two calls, one for an injury accident and another for a smoke going off.
- Chief spoke about getting some items down at the station which included the tool room complete, roof issues leaking during the spring fall, insulation and steel work in the building.
- The departments engine and pumper/tender have small water leaks, the chief will be having Front Line Service out to correct those.
- The department also took possession of the DNR pick up truck. We will get some quotes on the painting of the truck then work on numbers for the flat bed and skid that will need to be put on it.

- Old Business

• would want to put the devices on both the North and South sides of Blanchard road. I explained to them that we only had issues with the South bound traffic going through the intersection headed North. However, they would want to put them on

FIRE

o Ike Forquer donations \$250 from MLT and United Apartments \$100

o 520 leak, we have had a second local tank company look at the truck. They believe it is in the piping and not They indicated that they should be able to repair it for around \$800, this is way lower then the \$1500.00 that was approved for the original tank manufacture.

o Update on the flag pole, miss dig provided the utilities locations and the hole is dug. We will create frames for ceremony and then contact the Elmers to see if there are any options to have the cement poured.

o There have been 9 fire calls since the last meeting. 2 injury accidents, 3 power lines down, 1 electrical issue a structure fires

o from Ike Forquer's memorial. There is about \$600 left in those donations which should be enough to complete room in his name.

o We had someone review the roof leak issue in the old structure. It appears that the screw heads have rotted need to be replaced. I have a fire fighter that does this type of work, we will supply the \$500ish dollars in supplies and he stated that he would perform the work. This hopefully will fix the leaks and cover any old access holes from old HVAC.

o DNR grass truck issue. I have had two separate auto body businesses access the DNR truck. They are indicating of heavy rust decay underneath it would cost roughly 10K or more to make it ready for what we need to use it for. I was able with their help to find some other options of damaged vehicles that are 10 to 15 years newer but the same price. One specific that was located online was a Red, 2016 Ford pickup with the box that was totaled. This is probably a better option

moving forward. Currently we have no cost into the DNR truck and can turn it back into them. It might take a little effort to find the right truck on one of the sites but would be a better option moving forward.

RESCUE

o Deerfield check for \$2,250.00

o There were eight calls in July, to date, there have been 16 in August.

o I'm requesting to use the funds from the donation from Mr. Thomas which was \$26,981.70 to purchase 4 SCBA communications systems for the SCBA. I have been negotiating with our vendor for their demo packs, which are brand new.

Instead of getting 2 new we can get 4 demo units and the comm's that go with them (which we have wanted from the original purchase) for the amount of \$21,052.00. The remaining funds of \$5,929.70 from this donation can be used for the new grass truck, which we intend on using for a back-up rescue unit when ours is down for service or already on a call.

o

Old Business

Continued tax tribunal

New Business

1. Motion made by Barrett and supported by Himebaugh to purchase 4 air packs and 10 SCBA communication for fire department. Motion passed.

2. 1. VanBonn asked about people living in the trailer at the end of the road, there is still no progress in clearing up even after they have been spoken to. Himebaugh is going to call the health department to see if they can check on them.

Public Comment

Fremont Twp Meeting Notes

- FIRE
 - Pumper/Tender 520 is being worked on currently, quoted price for the water leak was \$800.00. Hopefully it will be fixed in the next couple of weeks.
 - Received the 4 SCBA and 10 communications systems for the SCBA and they are installed. We will do some training with them in November and December to become familiar with them.
 - The members were able to run several of the water lines in the old station. There is some more work before we can use them all together.
 - We had two fire calls, one for a false alarm activation and the other for a pin-in injury accident.
 - We have found several pickups and some full truck and box combinations on multiple sites. The chief requested a price that would be available to purchase a vehicle. This might require an impromptu trip to wherever the vehicle is on auction or available. We have \$5,929.70 left from the private donation after the SCBA and communication units are purchased to use towards this.
- RESCUE
 - We had 19 calls in August, we have had 17 thus far for September

First Response Mike Main:

FIRE

The Pumper/Tender 520 tank was repaired, cost was a little more than the quoted \$800, there were a couple of other small leaks that were discovered and fixed as well. The tank is not damaged or leaking. We have five new members to attend the fire fighter I and II, they are all registered. We did get a discount on the books from the Michigan State Fire Association, cost was around \$500.

The EMS medical first responder train the trainer invoice arrived, it was approved a few months ago for \$1,200.00

Invoice arrived for SCBA which was earmarked funds from the donation, the invoice was a little over \$21,000.

The fire department responded to a vehicle the Ditch (possible PIA), a combine fire and a, Grass Fire The department is still looking for a grass unit, we will continue throughout the winter to find something that works and is in good shape.

There has been an issue with the Generator on the mainline engine. We had FLSI look at it and the OEM parts were close to \$2,000.00. We were told that we could get aftermarket parts for about \$450.00, these parts were ordered and arrived. The department will install the carburetor and starter.

The department tested all of the firefighter hose in October. We had 3 sections fail. The chief ordered four new rolls of hose, roughly around \$1,500.00.

RESCUE

Rescue responded to 22 calls for service.

Old Business

Continued tax tribunal, Gerard said it is settled but we are still waiting for it to be finalized

Bid request for snow plowing published on September 28- Morning Sun

New Business

1. 2. Land Division for Diana Hutchins 10.03 (Motion made by Shirlee and 2nd by Georgina)

Reports

Supervisor: 2 zoning permits

Clerk: No report

Fire

- Currently working on repairing the roof of the old part of the station. The screw heads have rotted off. We have a firefighter who does that for a living. He is doing it for free and we supplied the screws. He will also repair the hole in the roof where the vent pipe goes up but is not in use any longer.

- The generator on 512 was repaired for \$300.00 versus the \$2,000.00 that was quoted. It was repaired in house and worked.

- The department returned the DNR truck to the DNR. The truck was going to be used for a grass unit but once in possession of the vehicle. The vehicle had many structural issues and was not repairing the vehicle.

- The department has four fire fighters starting the fire academy. We have one more on hold to start the academy on some family medical issues going on.

- The Chief requested to sell the former grass unit which was the international pickup.

- The department took possession of the new truck which will be used for grass fires and back up rescue. The department had a small dent pulled out of the hood by JT, around \$500.00. It is currently at Metro 25 for service and oil changes. Once done there, it has lights and decals placed on it. The donated skid and tank is on it now.

- We received a donation from Dick Thomas for \$12,000.00. The department is asking to purchase a new UTV for fires and rescues in the woods or off roads. The chief is asking for up to \$13,000.00 to purchase it.

- The department ran on a down power line, two structure fires and an injury accident.

Rescue

- There were 15 calls since the last meeting and there were 21 calls in October.
